Dr. Brian Cave and Dr. Cynthia Pauley are a husband and wife team with over 30 years combined experience performing outstanding cosmetic and family dentistry. Brookside Dental received the prestigious Better Business Bureau "2005 Small Business of the Year Award" for exceptional service and commitment to patients and the community.

**PATIENT COMFORT:** Dr. Brian and Dr. Cindy provide superior dentistry in a comfortable and relaxed state of the art setting that is completely digital, which has been featured on the "Today Show". Children love the special kid's room for their visits and adults can relax with movie glasses and a huge movie library during dental treatments. The reception area's over-stuffed chairs, fireplace, and refreshment bar give a warm and friendly home-like feeling to visitors. They provide a level of service and genuineness in a

comfortable and relaxed setting that makes patients feel at ease.

**DENTISTRY SERVICES:** At Brookside Dental, we are passionate about designing beautiful smiles using cosmetic dentistry along with providing excellent preventative and restorative dentistry for the entire family. Both doctors have had extensive advanced training in cosmetic dentistry and various specialized cosmetic treatments. Services offered include porcelain veneers, porcelain crowns and bridges, implant crowns, tooth-colored fillings, teeth whitening, and single tooth cosmetic movement. Whether you need a new smile makeover or a less extensive smile enhancement, they have the advanced dental training, smile artistry, and modern technology, plus an on-site porcelain artist, which allows them to create beautiful and natural appearing smiles.
